

Frequently Asked Questions

Q. Do I need to be a veterinarian or use a veterinarian in order to submit bloodwork?

A. No. We do work for veterinarians and private owners alike.

Q. Do I need to set up an account first in order to submit bloodwork?

A. No. Simply fill out a request form in its entirety, specifying which services you would like to request.

Q. What services do you provide?

A. All of the tests that we offer are listed on the home page and the fee schedule. If you do not see a test listed, it is unavailable.

Q. How do I pay for your services?

A. Payment is expected at time of service. We accept checks and cash only.

Q. How long does it take to get the results of my bloodwork?

A. We are able to report results for most of the tests that we offer on the same day that we receive the blood sample. Exclusions include: BVD PCR testing, Mineral Panels, Selenium, Vitamins D & E. These tests have a turn around time of 4 to 5 days.

Q. How will I receive my results?

A. We prefer to fax or email the results to you. If you wish to receive a hard copy of the results, please include a S.A.S.E. with your request form.
